Hi All,

It seems that we have an Access Agreement that the Solis and Devore parties can agree on. If there are no other concerns about access, let's please get this signed and in place so cleanup activities can commence.

I thank you all very much for your hard work and cooperation in getting us to this point.

Sincerely,

Ben Castellana, Ph.D.
On-Scene Coordinator
US EPA Region 9
Superfund Emergency Response

Dear Mr. Bates,

Please advise about the attached insurance information. I am not concerned about your other requested redlines, but I know this is an issue you guys want resolved. Mr. Bowyer is tentatively set to start the investigation Thursday, so we would like to get this resolved as soon as possible so everything can move forward with the access agreement in place. Thank you.

Sincerely,

Michael Lebow

Mr. Lebow:

Attached are the following documents:

1. Site Access Agreement which I have REDLINED with my changes;
2. Site Access Agreement CLEAN copy which accepts all my changes.

With regard to the Agreement:

a. I have removed EPA and WaterBoards as a signatory. I assume that SCAQMD will also not be signing. I am not clear if Clean Harbors will be signing either. Please confirm which parties will be signing the agreement otherwise they should be moved down to the last sentence of the first paragraph.

b. Please include the information in paragraph 16 as to where notice should be sent for Devores and BEC.

Please REDLINE any further revisions. If you have any issues to discuss, please call me at your convenience.

Jim Bates

Understood Ben. We can remove the EPA from the signatory line as well. Mr. Bates, do you have any update for us? We really need your clients' acceptance/signature or to know any concerns so that we can move forward with the proposed timeline. Thank you.

Sincerely,

Michael Lebow

Same for EPA; we will be conducting oversight, but we typically do not sign access agreements.

Michael,

Regarding the draft Access Agreement prepared by your office for the site, normally we don't sign the access agreement. We ask that our agency be removed from the signature page of this agreement. Regional Board staff will be inspecting the site at the time in which on-site remedial and investigative work is being performed by others, and we will be requesting access at that time. Thank you.

Dear All,

Pursuant to our prior discussions a draft Access Agreement was prepared by our office and circulated to all interested parties on May 8, 2019. We have not been informed of any objections to the proposed agreement. However, we have also not received executed copies of the agreement. We would like to get this agreement finalized and in place so that we can proceed as discussed in our meeting of May 3, 2019. Please advise as to status. If you have any questions or concerns, please do not hesitate to contact us. Thank you.

Sincerely,

Michael Lebow
